Thanks. Can he send us their press release? Did he confirm it won't go further?

Yes, that timing looks right.

Subject: Spokane rollout

Hi Dan,
Thanks for signing/dating the package. As you know, we are timing the broader rollout to occur a few hours after you send to the tribe and call BJ. I understand from Kathleen that you may have time to send/call the Tribe at 11 am? Can you confirm? Kathleen will call Brian Crossley to let him know its coming and to see if BJ is even around today. We are planning to notify a few others at 3 pm today, assuming you send around 11 am. Thanks.
